

Examination System

Track Power BI Development,
Aswan
10 Dec. 2025

OVERVIEW

Project Name: ITI Examination System

Supervision: Amira Younes

Tools Used:

MS SQL Server

SSIS, SSRS

Excel

Power BI

Python Fast API

CSS, HTML

Java Script

Team:

Mohamed Sabry

Moamen Salah

Hadir M. Mourad

Bassem Fathy

Team Members

Stored Procedures

Name	Description
dbo.insert_student	Insertion new data of a student
dbo.update_student	Update data on student table
dbo.delete_student	Deletion data from student table
dbo.select_student	Selection data from student table
dbo.insert_branch	Insertion new data of Branch table
dbo.update_branch	Update old data on Branch table
dbo.delete_branch	Deletion data from Branch table

Stored Procedures

Name	Description
dbo.select_branch	Selection data from Branch table
insertcer	Insertion new data in Certificates table
updatecer	Update old information on Certificates table
delcer	Deletion data from Certificates table
selcer	Selection data from Certificates table
insert_choise	Insertion new data in Choices table
update_choise	Update old information on Choices table

Stored Procedures

Name	Description
delete_choise	Deletion data from Choices table
select_choise	Selection data from Choices table
Ins_Course	Insertion new data in Course table
Up_Course	Update old information on Course table
Del-Course	Deletion data from Course table
Se_Course	Selection data from Course table
Ins_Exam	Insertion new data in Exam table

Stored Procedures

Name	Description
Up_Exam	Update old data on Exam table
Del_Exam	Deletion data from Exam table
Sel_Exam	Selection data from Exam table
insert_feedback	Insertion new data into Feedback table
updatefeedback	Update old information on Feedback table
delfeedback	Deletion data from Feedback table
selfeedback	Selection data from Feedback table

Stored Procedures

Name	Description
insertfrsite	Insertion new data into Freelanc_Sites table
updatefrsite	Update old data on Freelanc_Sites table
delfrsite	Deletion data from Freelanc_Sites table
selfrsite	Selection data from Freelanc_Sites table
insertfrjob	Insertion new data into Freelancing_job table
updatefrjob	Update old data on Freelancing_job table
delfrjob	Deletion data from Freelancing_Job table

Stored Procedures

Name	Description
selfrjob	Selection data from Freelancing_Job table
Ins_Instructor	Insertion new data into Instructor table
Up_Instructor	Update old data on Instructor table
Del_Instructor	Deletion data from Instructor table
Sel_Instructor	Selection data from Instructor table
dbo.insert_intake	Insertion new data into Intake table
dbo.update_intake	Update old data on Intake table

Stored Procedures

Name	Description
dbo.delete_intake	Deletion data from Intake table
dbo.select_intake	Selection data from Intake table
insert_question	Insertion new data into Questions table
update_question	Update old data on Questions table
delete_question	Deletion data from Questions table
select_question	Selection data from Questions table
Ins_Result	Insertion new data into Result table

Stored Procedures

Name	Description
dbo.Insert_Track	Insertion new data into Track table
dbo.Update_Track	Update old data on Track table
dbo.Delete_Track	Deletion data from Track table
dbo.Select_Track	Selection data from Track table
Get_Student_Exam_Answers	Display student answers

Functions

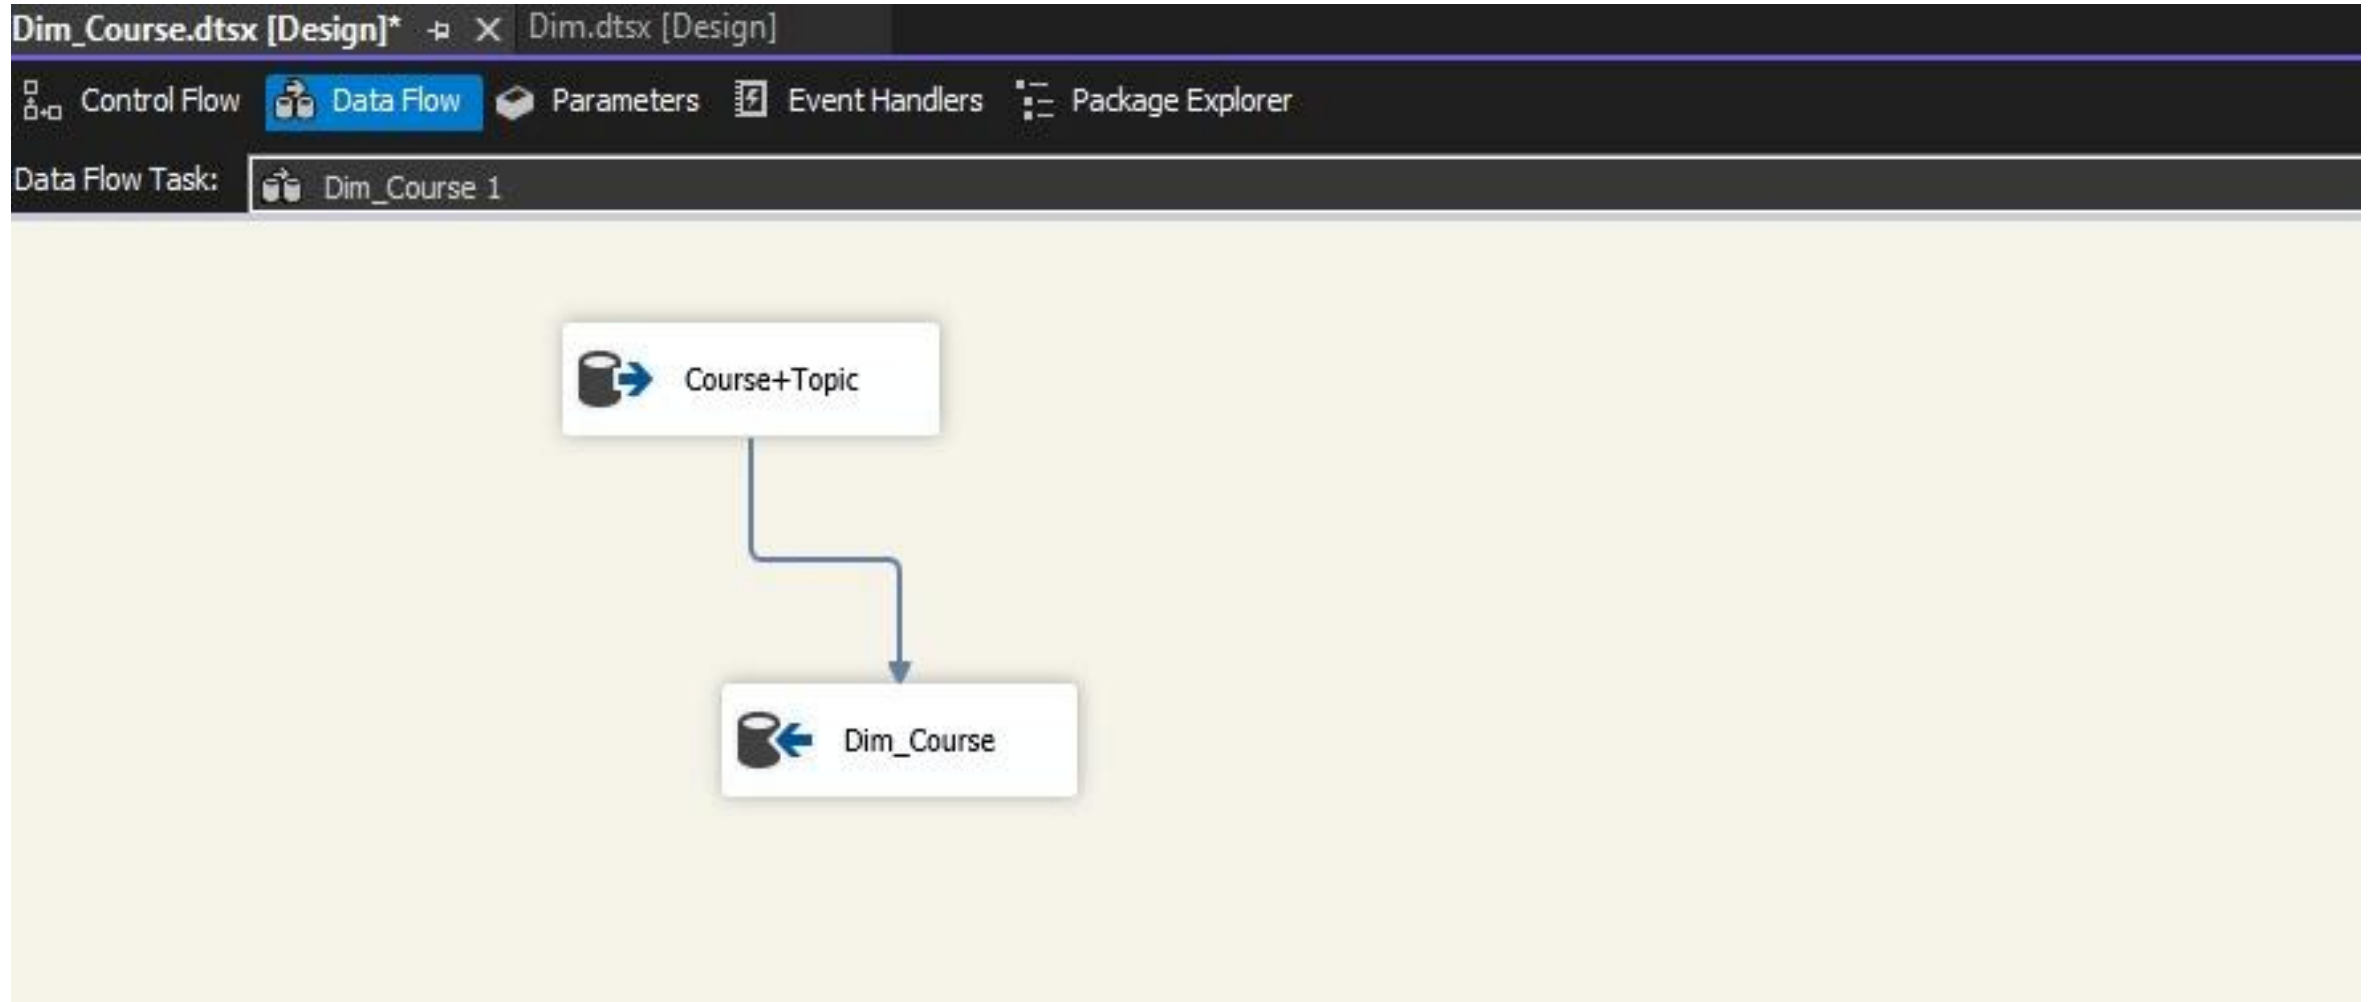

Name	Description
dbo.Calculate_Answer_Score	Display score of answer
dbo.fn_GetStudentStatus	Display whether student passed or failed in exams
dbo.fn_runningTrack	Display whether track is running or not.
Student_Info	Display Student Details
Exam_Info	Display Exam Details
Round_Info	Display Rounds Details
Answer_Details	Display Answers Details

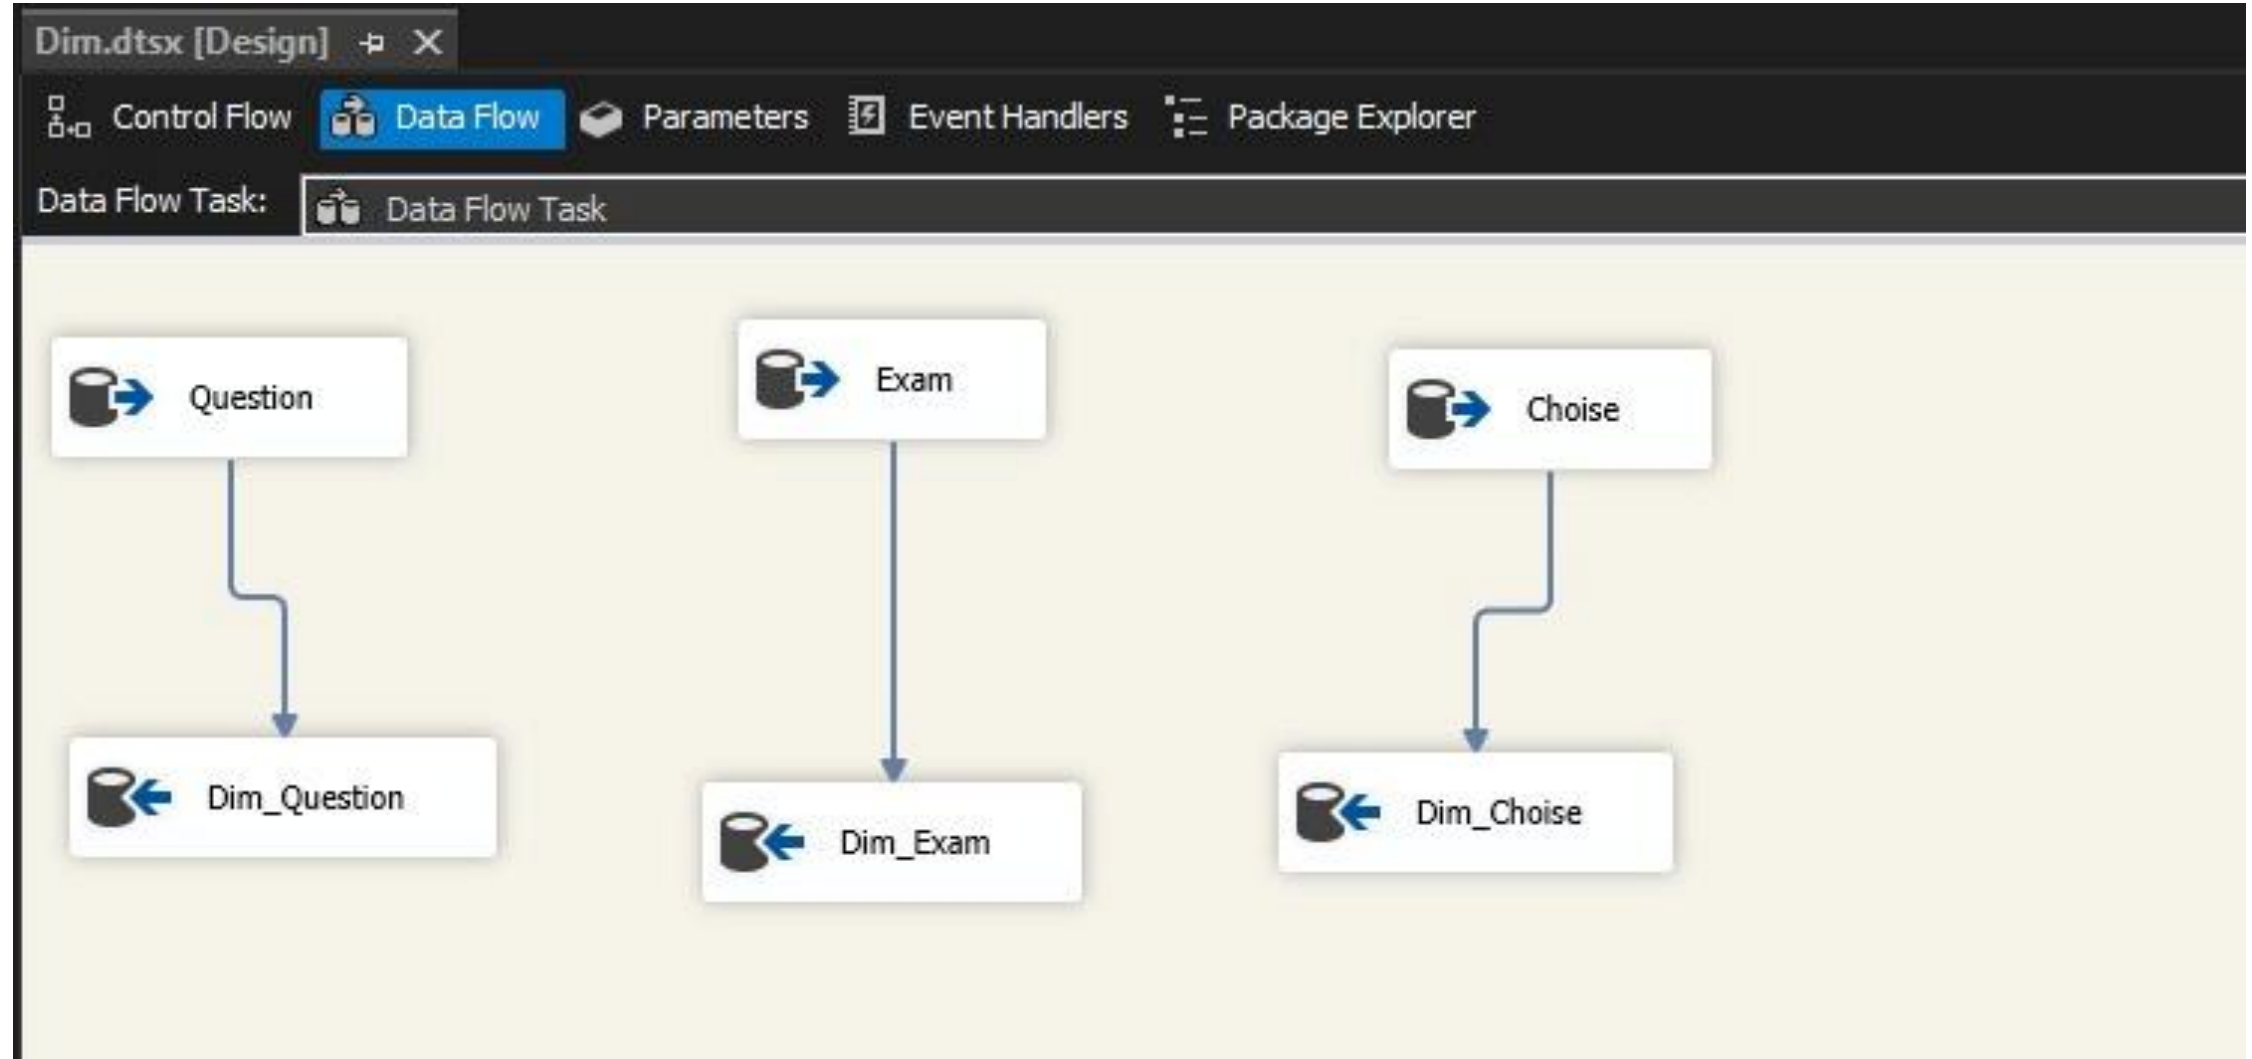

Views

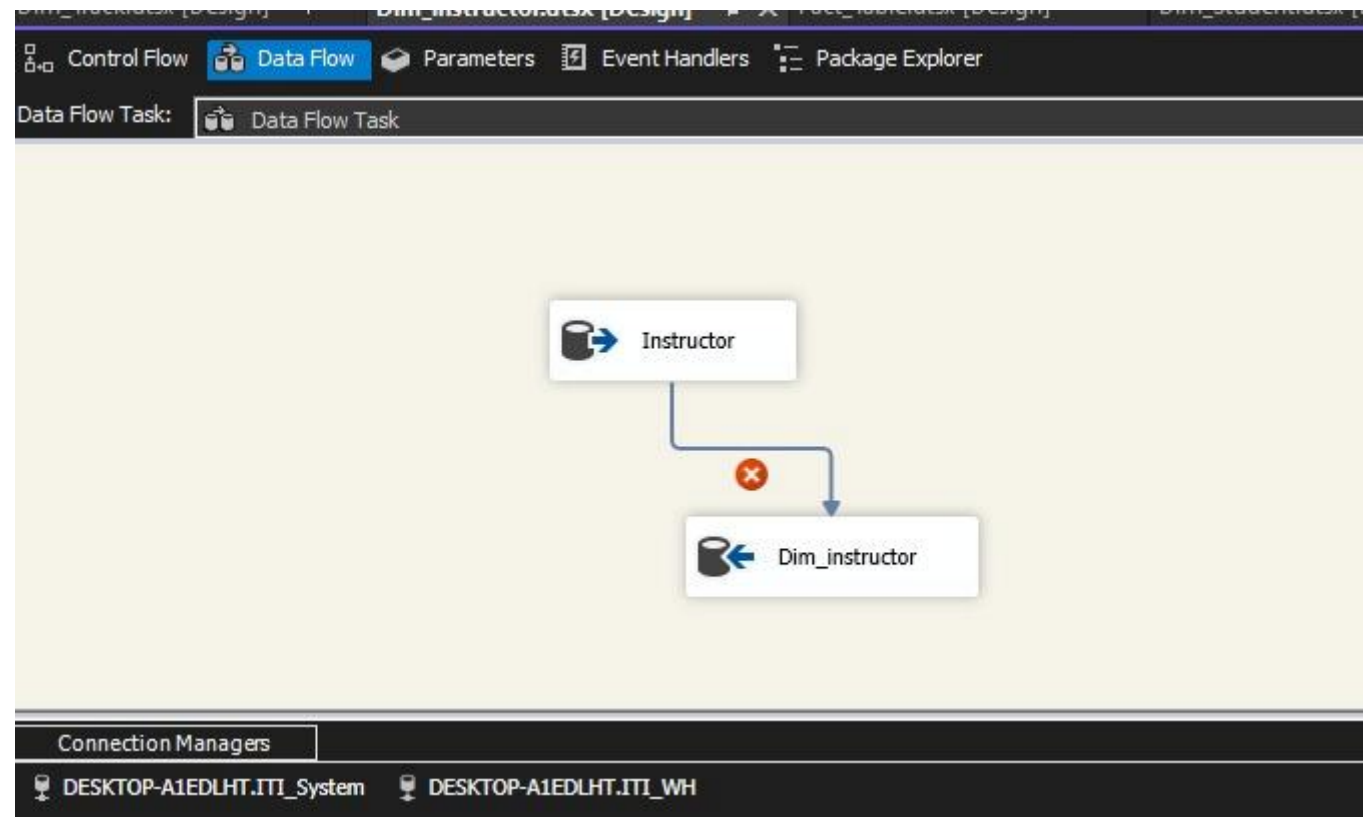

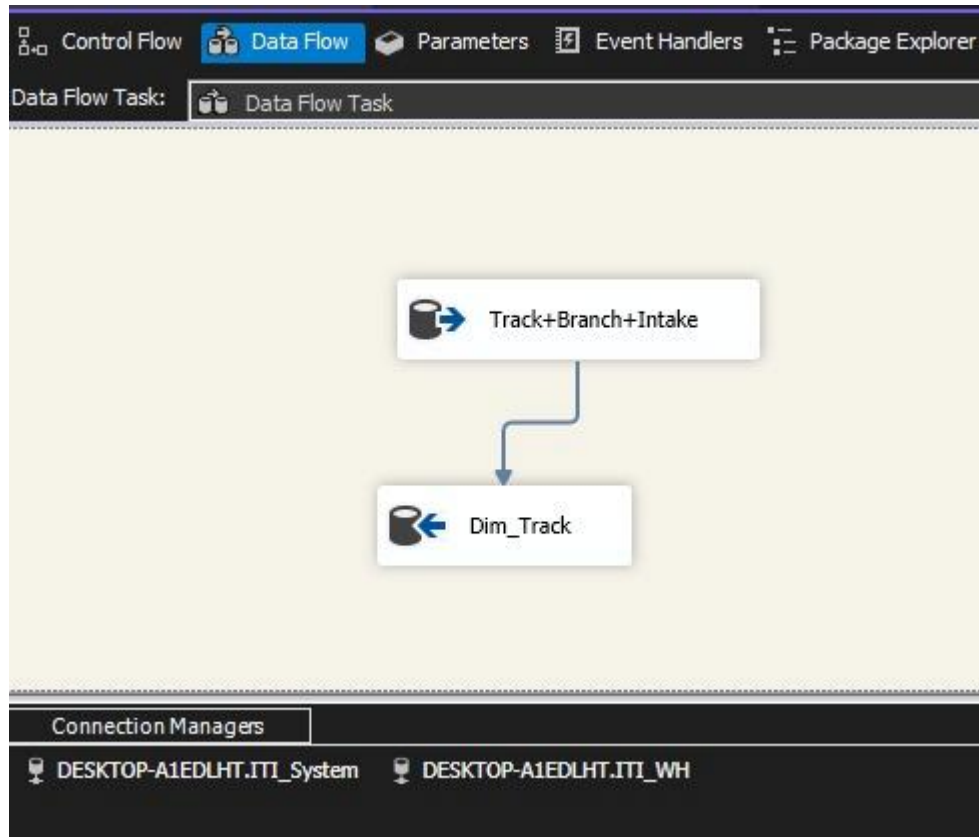

Name	Description
StudentCertificates	Display all certificates student have by student id.
dbo.GetStudentFLJobByStuID	Get all freelance jobs that student done by student id.
TopSalary	Display student that had the highest salary from freelance jobs.
LeastSalary	Display student that had the lowest salary from freelance jobs.
HighStudentCertificates	Display data of student that has highest number of certifications.
LowStudentCertificates	Display data of student that has lowest number of certifications.
TopCertificateNum	Display data of student that had the highest no. of certifications.

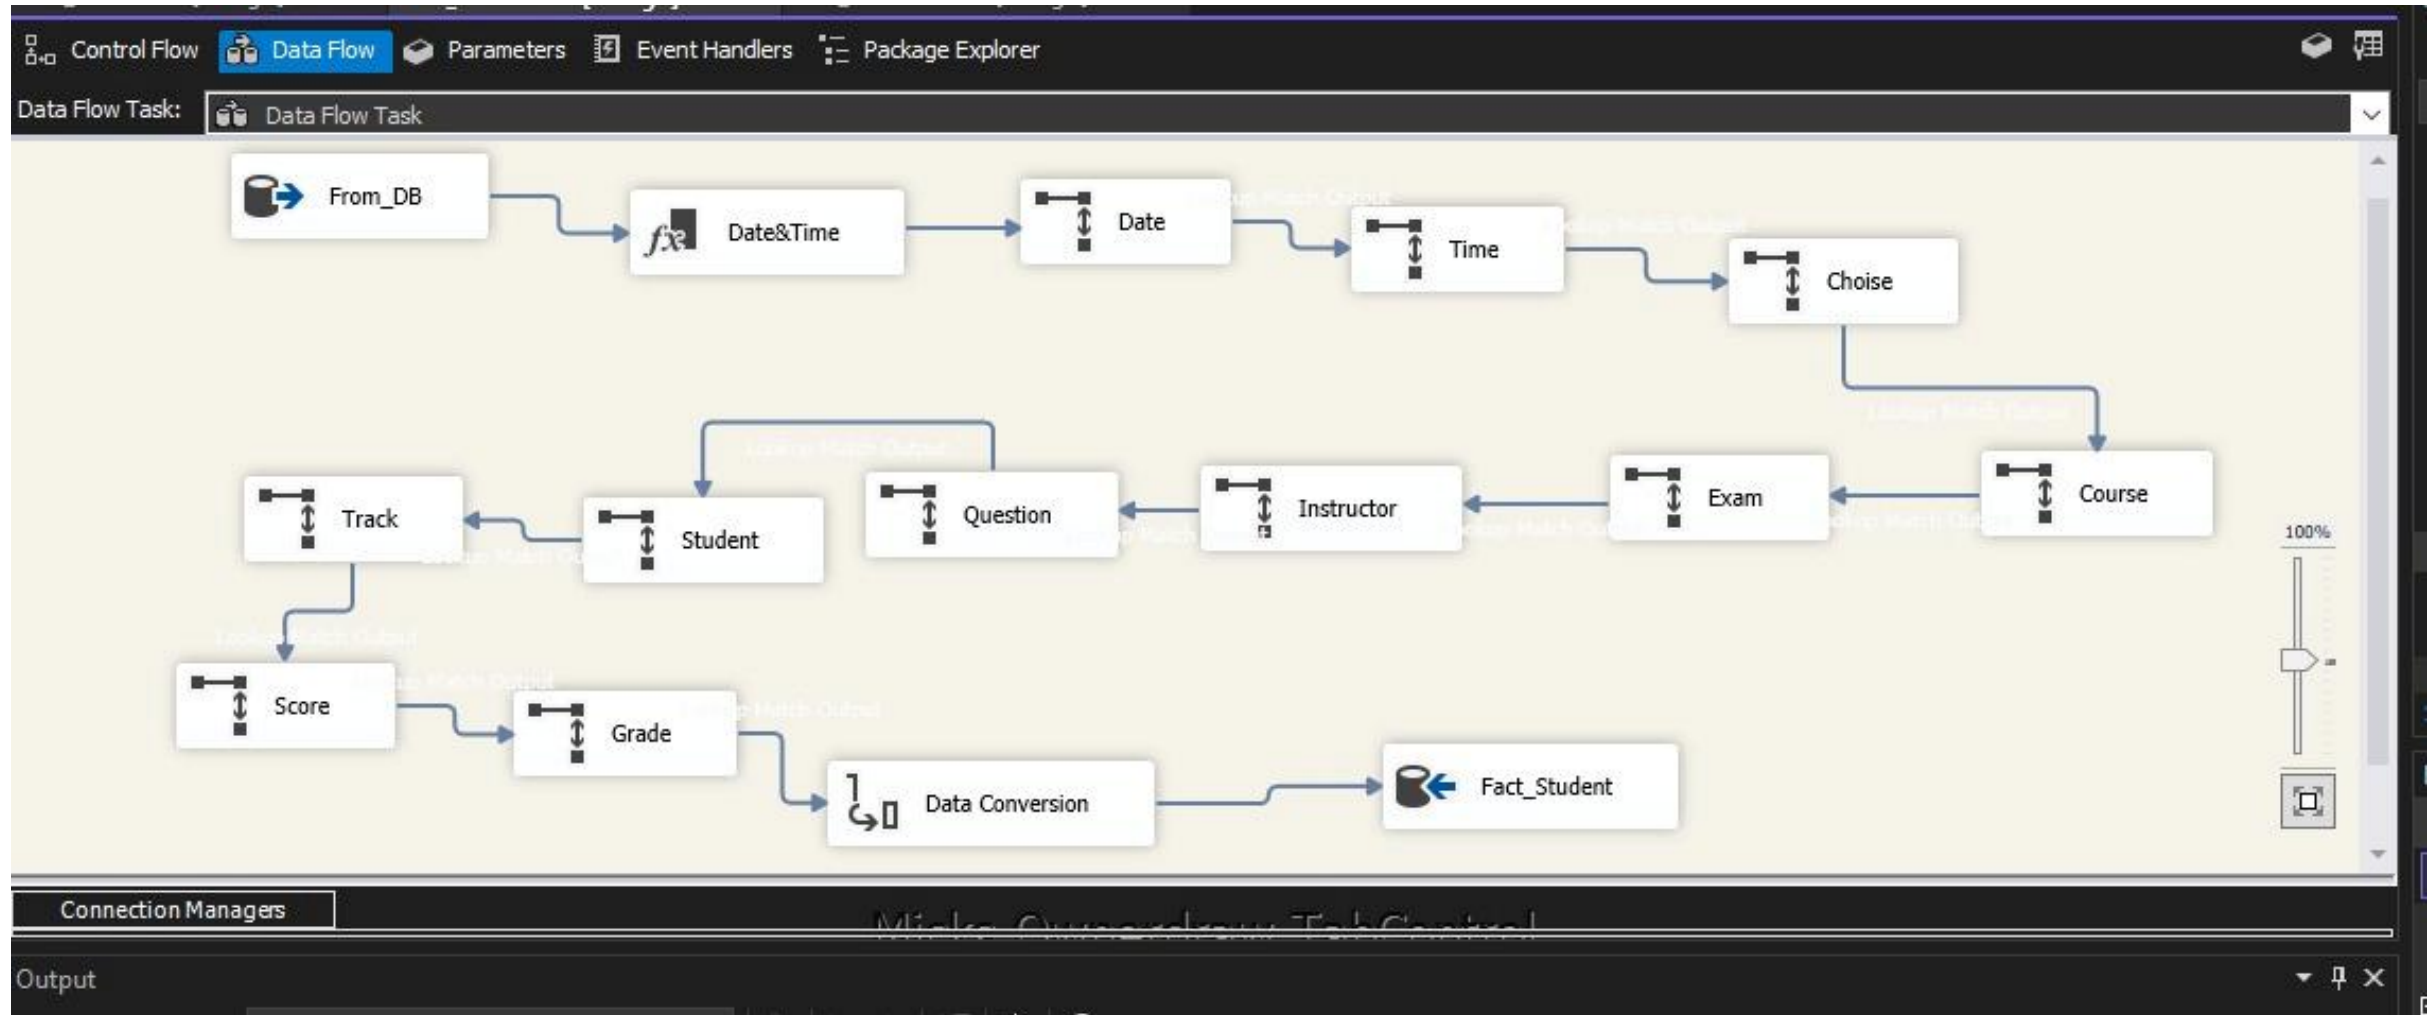

Views

Name	Description
LowCertificateNum	Display data of student that had the lowest no. of certifications.
TopJobNum	Display data of student that had the highest no. of freelance jobs.
LowJobNum	Display data of student that had the lowest no. of freelance jobs.
AvgRatingPerCourse	Display data of courses with their average ratings.
HighRatingcourses	Display data of courses which have the highest rating.
LowRatingcourses	Display data of courses which have the lowest rating.
HighRatingcourse	Display data of course which has the highest rating.
